

HƯỚNG DẪN FIX LỖI

“The driver could not establish a secure connection to SQL Server by using Secure Sockets Layer (SSL) encryption.”

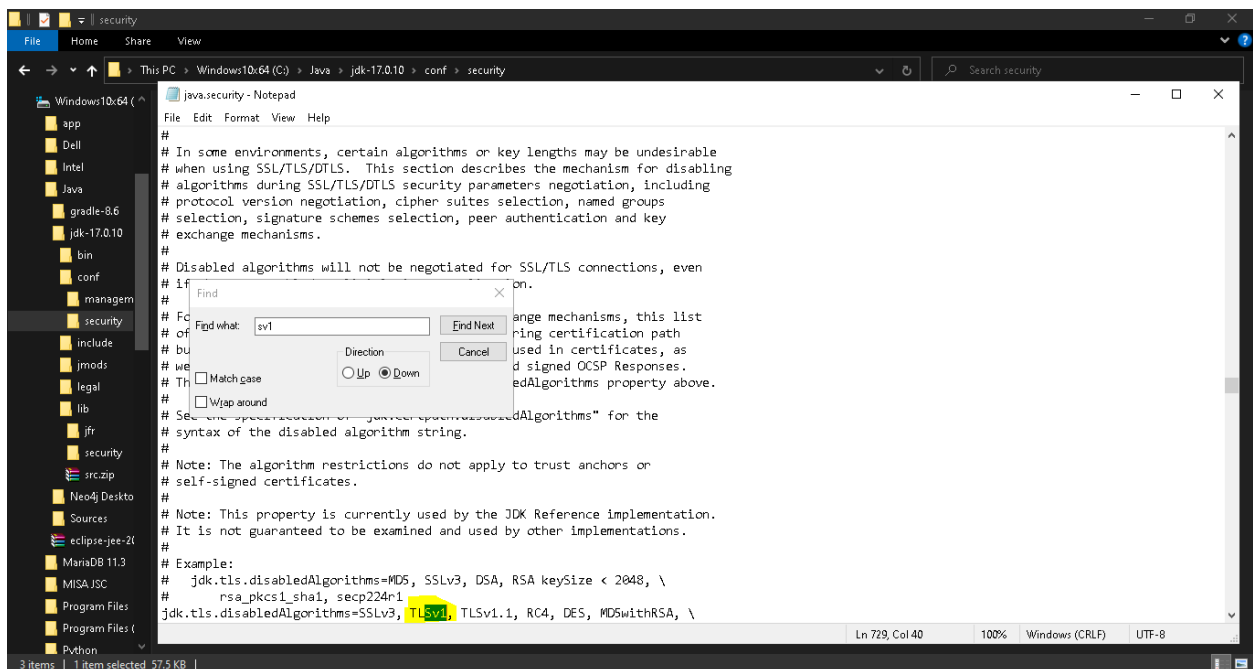

B1:

Mở file **java.security** bằng Notepad

B2:

Tìm sv1 → đến dòng được tô vàng

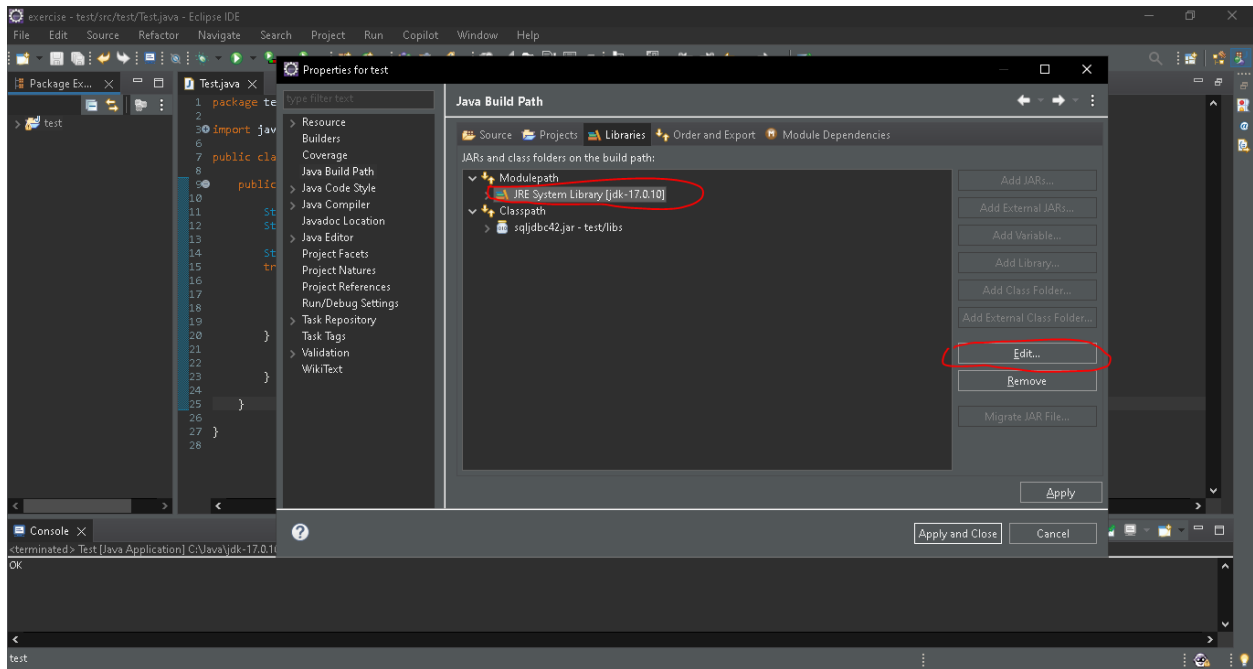

B3:

Xóa bỏ **TLSv1**, → Lưu lại

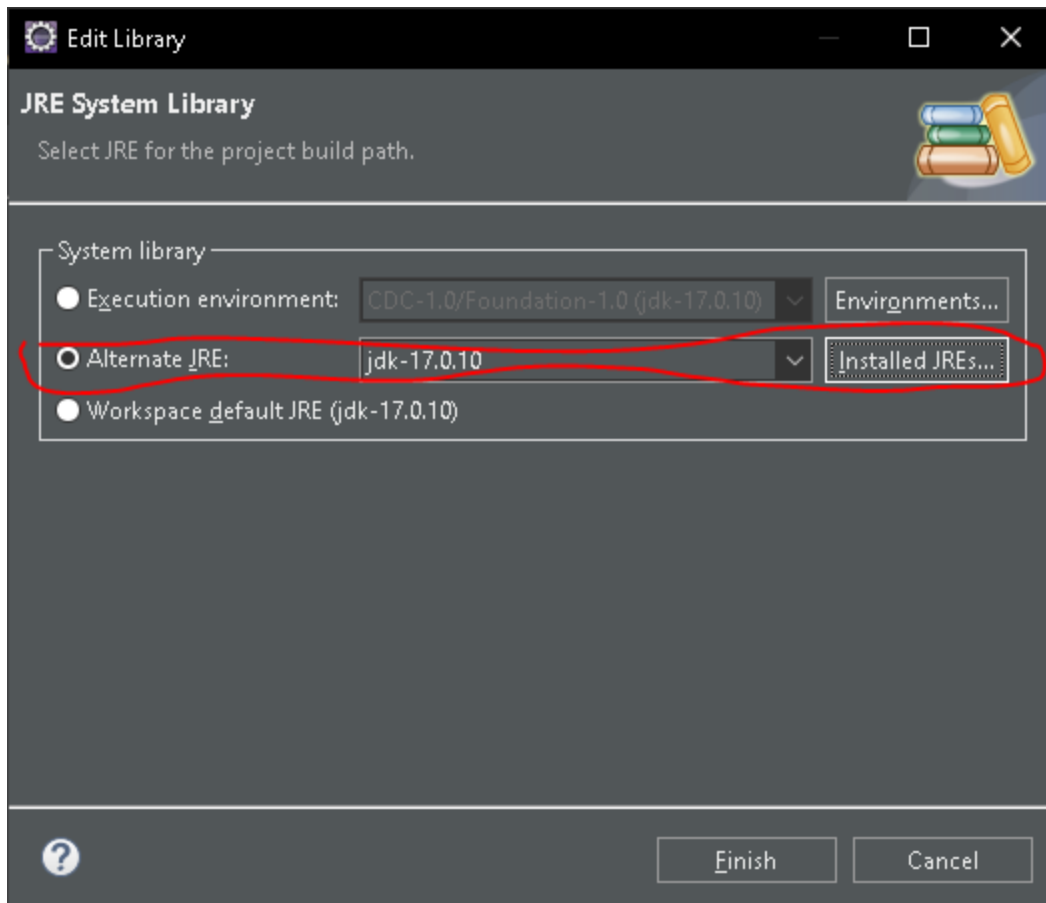

Biên dịch lại Project bên Eclipse

B4: Edit lại JDK 17

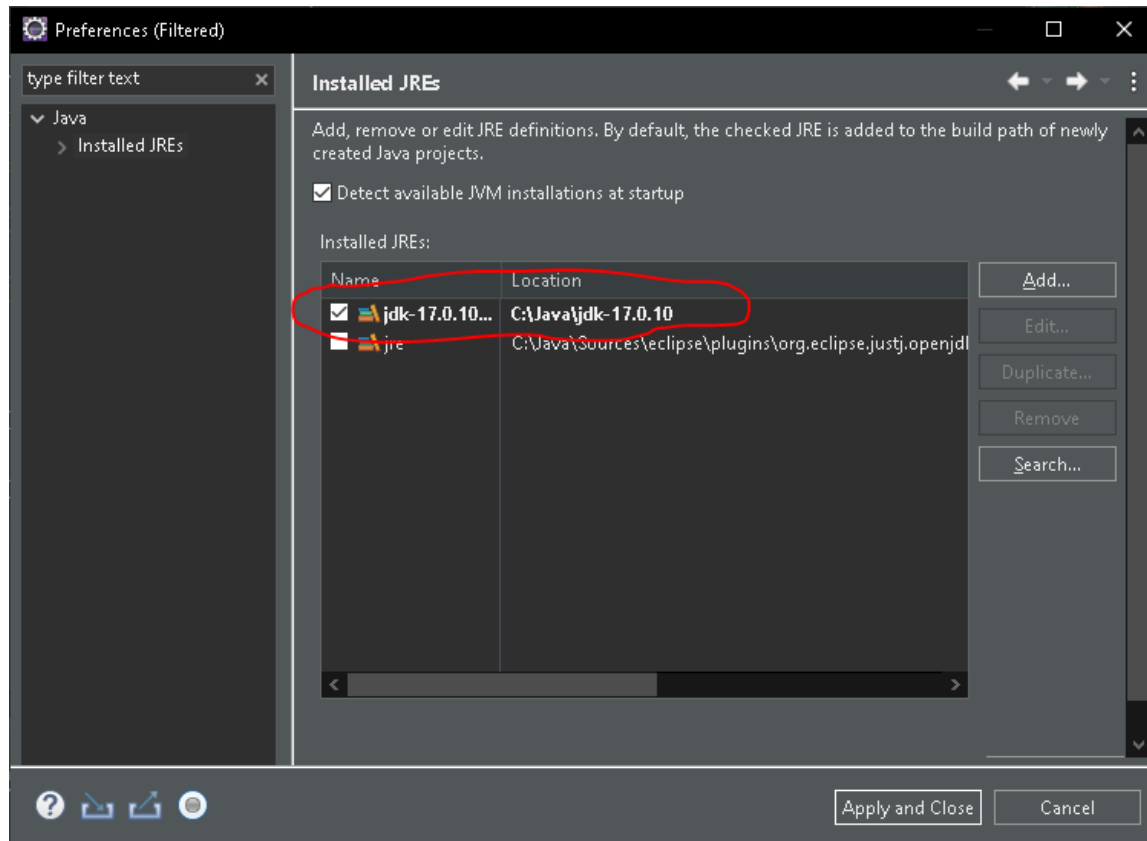

Chọn File -> Properties -> Java Build Path -> Libraries -> JRE System Library[jdk 17] -> Edit

Chọn Alternate JRE → Chọn button Installed JREs (xem hình)

Click **chọn jdk 17**

DONE
